AutoCheck ScoreSM

Just as credit scores revolutionized credit reporting, the AutoCheck Score is changing the way used vehicles are bought and sold. Only AutoCheck vehicle history reports include the AutoCheck Score, a revolutionary tool that allows you to understand a vehicle's past, compare it with other vehicles, and lower the risk of buying a vehicle with undetected problems – all in two seconds flat.

The AutoCheck Score accurately summarizes the individual items and events in a vehicle's history report with a number from one to 100. Paired with the AutoCheck Score Range, the AutoCheck Score allows you to quickly compare vehicles of similar age and class.

Key factors affecting the AutoCheck Score:

- Age
- AutoCheck AssuredTM status
- Mileage
- Vehicle class
- Number of owners
- Lease history
- Emission testing history
- Accident history
- Theft and repossession history
- Police, taxi or government use
